Job Experience

- Oral surgeon, Periodontist, Implantologist and Digital Prosthodontist, in several clinics of Madrid of the brand Vitaldent
- Director of the Postgraduate of Digital Dentistry and New Technologies in Dentistry. Alfonso X El Sabio University Madrid.
- Professor in the Master in Oral Surgery, Periodontics, Implantology and Prosthodontics of the University of Malaga
- I am currently an Opinion Leader and teach conferences and courses for many brands in the dental world:

Phibo: I make collaborations with this great brand, performing live surgeries and lectures about Digital Dentistry, Advanced surgery and Guided surgery applied to cases of extreme gravity with big bone resorption and bone loss.

3Shape: I regularly hold conferences and master classes for this intraoral scanner brand, in which we explain how to use intraoral scanners and their advantages in current dentistry and Implant surgery.

IPD: I have the pleasure of belonging to the scientific and development committee of this brand of prosthetic accessories, for which I also hold conferences and training workshops.
